

Tropical Garden Society of Sydney – Guidelines for Selling Plants at Meetings

Financial members of the Society can sell their tropical and sub-tropical plants at meetings.

The following provides guidelines for selling plants on the **Sales Table** and at the **Plant Auction**.

Sales Table (Prices up to \$10)

1. The Sales Table is for the sale of plants priced up to and including \$10. There is a maximum of 15 plants per seller.
2. For plants sold, the seller will receive the total of the plants' prices minus 10% to cover expenses.
3. Each plant offered for sale on the Sales Table must have -
 - (a) a plant label (preferably white) showing the plant name (see sample below), and
 - (b) a paddlepop stick showing the seller's initials and the price (see sample below).

\$8 TS

Plant Auction ((Reserve prices \$11 or more)

1. The Plant Auction is for the sale of plants with a reserve price of \$11 or more. There is a maximum of 10 plants per seller.
2. For plants sold, the seller will receive the nominated reserve and any excess over the reserve will go to the Society to cover expenses.
3. Each plant offered for sale on the Plant Auction must -
 - (a) be included on an Auction List showing the plant name and reserve price (sample below),
 - (b) have a plant label (preferably white) showing the plant name (see sample below), and
 - (c) have a paddlepop stick showing the seller's initials and the number of the plant on the Auction List (e.g. "TS2"), and the reserve price for the plant (see sample below).
4. Some tips -
 - (a) Blank Auction Lists are available from the Society Information page on our website or from the treasurer Ted Shaw at a meeting. Ideally, complete before coming to the meeting.
 - (b) White plastic plant labels can have plant names written by permanent ink pens or by 5B or 6B pencils.
 - (c) Paddlepop sticks absorb ink and smudge. A biro or 5B or 6B pencil works well.

TGSS AUCTION

Name: Ted Shaw
